**500 Series Landscaper's Choice (5oz)  
Premium Woven Needle Punched Landscape Fabric**

500 Series Landscaper's Choice is Premium Quality Landscape Fabric. At 5 oz this product is heavier than almost all other landscape fabrics and lighter weight look-alike brands! Heavier weight means, longer lasting fabric (Lifetime Warranty!), superior strength (275 psi!) along with better weed control and moisture retention. This premium fabric is constructed of 100% High UV Polypropylene and is American Made. The woven substrate is needle punched with fibers to create a 'fuzzy' texture on the surface, making this fabric an idea choice to keep decorative covers (mulches or stone) in place, especially on slopes!
