## SPECIFICATION DATA

### 296 Series - ARCHITECT'S CHOICE BLACK LANDSCAPE FABRIC

**296 Series - ARCHITECT'S CHOICE BLACK LANDSCAPE FABRIC** is formed from layers of 100% polyester fibers that are spun onto a surface, then thermally bonded together, giving it great strength in all directions. Difficult to rip or tear. Easy to cut and work with. Allows excellent passage of water, air, and fertilizers. The addition of Ultraviolet Protection gives the fabric a black appearance.
